

Problem on the Week!

Name: _____

Box 1: Problem: Mrs. Johnson wants to make a necklace. She only has two colors of beads. One color is purple. The other color is yellow. Can you help Mrs. Johnson make her necklace into an AB pattern?

Box 2: Using purple and yellow, draw what the necklace is going to look like.

Challenge: Mrs. Johnson found a lot of green beads. Can you make a new pattern for her necklace using three colors? Make sure to draw the necklace using purple, yellow, and green.
